

Whole-Document Revision Memo

CFAN 3091V | Week 12 Release Screen

Student: _____ **Date:** _____

Document: ☐ Full Thesis Proposal ☐ Full Thesis Draft

Use the peer's whole-document review and your release screen. Rank revisions by what most affects whether a reader can understand, evaluate, or act on the document. This is not a list of every edit.

Three Highest-Priority Revisions

1. Highest priority

Location in the document: _____

Problem observed and evidence:

Revision made or next action:

2. Second priority

Location in the document: _____

Problem observed and evidence:

Revision made or next action:

3. Third priority

Location in the document: _____

Problem observed and evidence:

Revision made or next action:

Expert Judgment Still Needed

Name one issue that you cannot responsibly resolve alone. State who needs to review it and what question you will ask.

Issue and why it remains unresolved:

Person or group to consult and question to ask: _____

Release Decision

☐ Ready to send after the release screen

☐ Ready to send with the unresolved issue identified above

☐ Not ready; the following release-blocking problem remains:
